

Project Design Phase-II

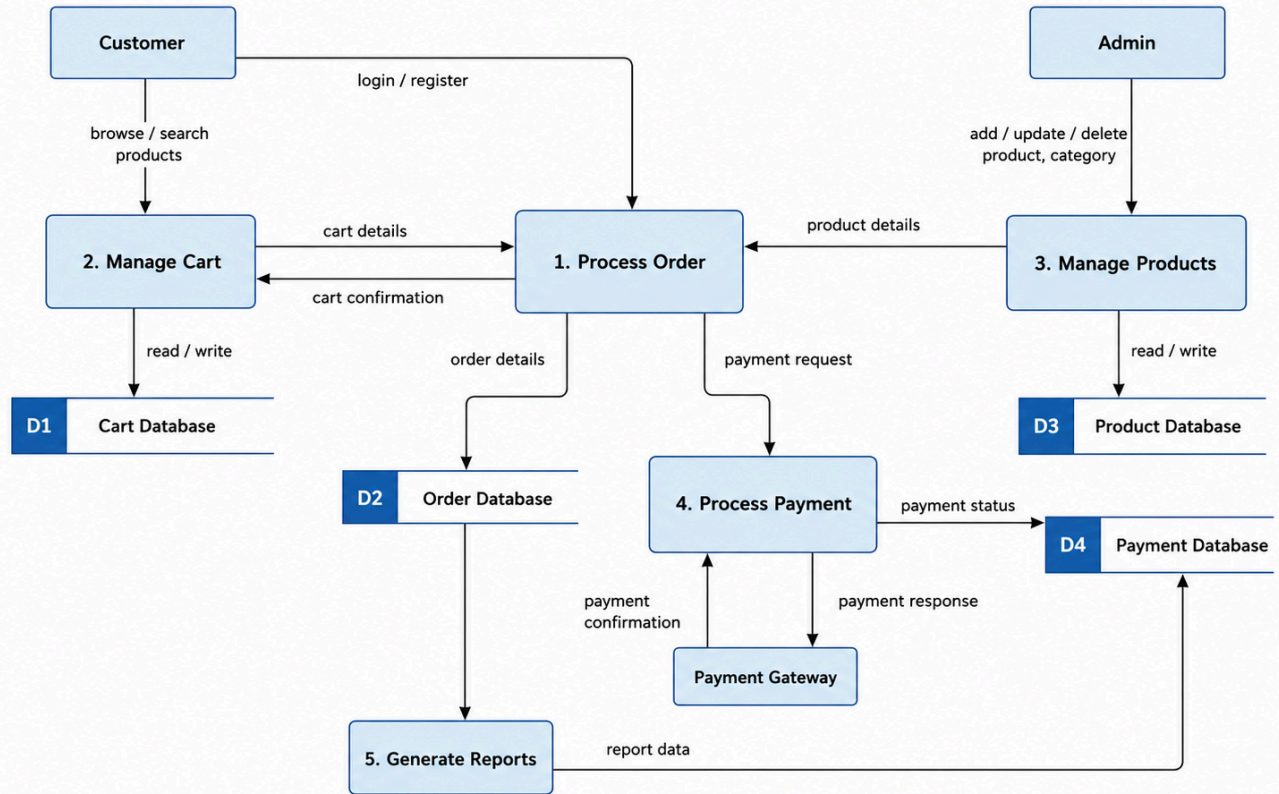

Data Flow Diagram & User Stories

Date	18 th June 2026
Project Name	ShopEZ
Student Name	Akshara Cheedalla

Data Flow Diagrams:

The Flow Diagram illustrates the overall workflow of the ShopEZ online shopping platform by showing how users interact with the system from registration to order completion. It represents the sequence of operations between the customer, application, and database, ensuring smooth data flow throughout the shopping process. The diagram helps visualize how information is processed, stored, and transferred between different modules such as user authentication, product management, cart management, checkout, payment processing, and order tracking. This provides a clear understanding of the system's functionality and supports efficient system design and implementation.

DFD Level 0 – ShopEZ E-Commerce System

User Stories

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance Criteria	Priority	Release
Customer	Registration	USN-1	As a customer, I can register using my name, email, and password.	User account is created successfully.	High	Sprint-1
Customer	Login	USN-2	As a customer, I can log in using valid credentials.	User is redirected to the dashboard.	High	Sprint-1
Customer	Browse Products	USN-3	As a customer, I can browse available products.	Product list is displayed.	High	Sprint-1
Customer	Search Products	USN-4	As a customer, I can search products by name or category.	Matching products are displayed.	High	Sprint-2
Customer	Product Details	USN-5	As a customer, I can view complete product details.	Product information is displayed correctly.	Medium	Sprint-2
Customer	Cart Management	USN-6	As a customer, I can add products to my cart.	Selected product appears in the cart.	High	Sprint-2
Customer	Cart Management	USN-7	As a customer, I can update or remove products from the cart.	Cart is updated successfully.	High	Sprint-3
Customer	Checkout	USN-8	As a customer, I can enter my address and payment details.	Checkout information is saved.	High	Sprint-3
Customer	Place Order	USN-9	As a customer, I can place an order.	Order confirmation is displayed.	High	Sprint-3
Customer	Order Tracking	USN-10	As a customer, I can view my order history and order status.	Orders are displayed correctly.	High	Sprint-4

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance Criteria	Priority	Release
Customer	Profile	USN-11	As a customer, I can update my profile details.	Profile information is updated successfully.	Medium	Sprint-4
Administrator	Product Management	USN-12	As an administrator, I can add, edit, and delete products.	Product catalog is updated successfully.	High	Sprint-4
Administrator	Category Management	USN-13	As an administrator, I can manage product categories.	Categories are created and updated successfully.	Medium	Sprint-4
Administrator	Order Management	USN-14	As an administrator, I can view and update customer orders.	Order status is updated successfully.	High	Sprint-4
Administrator	User Management	USN-15	As an administrator, I can manage registered users.	User details are updated successfully.	Medium	Sprint-4
Administrator	Dashboard	USN-16	As an administrator, I can view sales analytics and reports.	Dashboard displays accurate analytics.	Medium	Sprint-4
